

Northern Counties Match Week Spectators Guide

Firstly we hope you are all looking forward to the Northern Counties Match Week as much as we are to host this prestigious event.

We just wanted to give you a heads up on some useful information to help with your visit.

Road Closure - From Monday 28th June the road from Alnmouth to Foxton will be closed for a number of days so any spectators coming from the south will need to access Foxton from the North via Lesbury.

Car Parking - We have limited car parking for spectators so anyone who can car share would be appreciated. We will have car park attendants available to assist at key times.

Food & Drinks - Catering will be available all day but please be aware between matches at 12-3 our priority will be serving the players so please be patient. We will have grab and go packed lunch stations at the half way house beside the 10th tee and also in our Rose Garden area at the rear of the clubhouse which has outside seating. Contactless card payments will be preferred but we can take cash payments too. We have very limited space indoors for spectators in our dining room because of social distancing. Our bar menu will be available in the dining room and Rose Garden with table service provided.

Social Distancing & Covid Rules - Please can we remind all spectators to abide by social distancing rules and our covid protocols whilst visiting the golf club. To read them in full please visit- <https://www.alnmouthgolfclub.com/covid-19>

From everyone at Alnmouth Golf Club
