

18 February at PGH

What a great session today at Penrith Golf Hub, excellent start with bacon butties at 9.45am, which went down a treat. Lee then gave a short introduction on what was going to be covered during the morning, one-to-one launch work and screencast using trackman in the teaching studio with himself and then into the putting clinic with Nick. There was some competitive, friendly rivalry in between times using the toptracer in the bays - nearest the pin shots within inches and longest drives 220 yards, wow! Top quality striking of the ball ladies, a joy to watch Jenny CC
