

Coaching 12th February 2023

County junior coaching on Saturday 12th February saw a marked improvement in the weather, nowhere near as cold as it had been earlier in the week and no rain, which was marvellous. Our second session started with the now familiar get ready for golf routines, getting those muscles and limbs nicely warmed-up and set for some golf action. Mini match play challenges was the theme of the morning's activities, which began in the covered bays and then moving out to the short game practice area. Towards the end challenges evolved into the girls taking on Tom, self-titled the 'Honest Pro' v The Cheaters. As if our girls would think of cheating, but then again jammie dodgers were up for grabs! A good morning's work with lots of great learning points to practice before the next session. Jenny CC
