

11th March Penrith Golf Hub

County Training Saturday 11th March, how lucky we were with the weather, especially given the forecast. No rain and bright sunshine albeit it did start to get a tad chilly by the end of the session! Bacon butties and hot drinks in the studio gave everyone a chance to catch up again. We welcomed Carys McDonough County Junior Captain and member of Brampton to the squad. A very promising young player who attends the North of England Futures coaching programme at Matfen GC along with Becca (Wildey). First up was the Toptracer30 this puts players in 30 realistic virtual on-course scenarios and measures how successfully the player navigates them. Have a look on the internet for more information. We quickly moved outdoors and split into two groups, putting green with Nick and short game with Andrew. We ended with a challenge on the 9th hole, who could get nearest to the pin! I can tell you it wasn't Andrew or Nick and it most certainly wasn't me. Jenny CC
