

County Junior Open Day at Eden on Sunday 23<sup>rd</sup> April, what great weather we ended up having despite the 'not so good' forecast earlier in the week. The morning session was aimed at those girls with a handicap index or in the process of attaining a handicap index. Seven very keen and enthusiastic girls headed out onto the Hadrians Course with Tom in search of difficult lies, alternate conditions and tricky situations. Yes, we have all found these from time to time when we least want to. Practice makes perfect though and it's no good if we only ever practice the perfect lies on big open fairways all the time. If only.

After a short lunch break the afternoon session was opened up to everyone who wanted to come along and develop their golf. We all headed over to the outdoor practice area where Tom had set up some very mean skills based challenges designed to promote the ability to perform under course relevant stress and pressure. He didn't disappoint.

Challenges included putting, chipping and target golf. One proved to be particularly frustrating – chip through a hoop no less! I mean just look at the photo. All the girls were determined to succeed and didn't give up until they had nailed each challenge. The day ended with a team challenge v Tom, think the girls won ---- again!

Another date for your diaries – Sunday 21<sup>st</sup> May Eden GC. More info to follow.

Meanwhile don't forget we have our Junior Girls Open morning at Ulverston GC on Sunday 30<sup>th</sup> April 10am to 12.30am. Scroll down to the poster for details.
